

**Say hello to
savings, choice
and simplicity**

Get to know SignatureValue Harmony

For a health plan designed with lower costs, quality care and a simpler experience, turn to UnitedHealthcare SignatureValue® Harmony network. Centered around the doctor-patient relationship, SignatureValue Harmony is built to deliver quality health care for your employees.

A personalized, simplified care experience

SignatureValue Harmony HMO Plan is designed to give employees a health care experience made easier by technology, simple tools and the integration of care and coverage.

Access to care 24/7

Whether by mobile device* or computer, 24/7 Virtual Visits let employees and their covered family members video chat with a doctor 24/7 and even get a prescription** if needed.

One-stop resolution support

Your employees can get their health care benefits questions answered in just one phone call with our cross-trained team of advocates who access both UnitedHealthcare and provider systems for member support, including:

- New member welcome calls
- Answering benefits, claims and health savings account (HSA) questions
- Specialist referrals and support for any necessary plan authorizations
- Integrated behavioral health and pharmacy support
- A collaborative approach to resolving employee issues that includes advocates and network providers

Online and mobile tools designed to help support better health

- **myuhc.com**® unlocks a wealth of health information and wellness programs, making it easier for employees to:
 - View benefit information
 - Choose a provider
 - Find convenient after-hours care
 - Activate personalized messages for pharmacy and clinical programs
 - Join wellness programs designed to help set smart goals and track progress
- The UnitedHealthcare® app is built to make it easier for employees to securely manage their care and costs on the go
- The Health Record is a secure way for your employees to view a comprehensive story of their health right at their fingertips. It provides employees with deeper insights into their health, helping them and their providers make more informed decisions about their care. They can easily access their test and lab results, view past appointments and current doctors, as well as past prescriptions and immunizations.

The SignatureValue Harmony network

SignatureValue Harmony includes access to a quality provider network designed to give your employees a more integrated, physician-driven care experience, supported by shared data and streamlined processes.

What does it take to become a provider in this network?

SignatureValue Harmony physician groups follow a best-practice model aimed at producing a consistent patient experience to help improve quality and cost outcomes.

- Focused on delivering highly efficient, evidence-based care
- Committed to using and sharing patient data to coordinate care, which may help improve health outcomes and efficiency
- Invested in technology systems that make secure, reliable and timely data-sharing possible

UC San Diego Health

Note: AppleCare, Empire Physicians Medical Group, HealthCare Partners, Monarch Healthcare, PrimeCare, Primary Care Associates, and Valley Physicians are now Optum.

Putting employees at the center of the health care experience

1

When enrolling, employees choose a primary care physician (PCP) from the SignatureValue Harmony network

2

The PCP guides them through the health care system and coordinates additional care

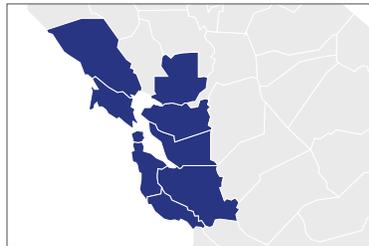

3

Coordinated, proactive care is designed to advance best practices and may help patients meet their health goals faster
