

Health plans designed for better outcomes and costs

Connecting employees with a physician to help guide their care may improve their experience and your costs

We're collaborating with Accountable Care Organizations (ACOs) to help improve efficiency while keeping a focus on outcome-based results. By combining this approach with physician-led care, an enhanced member experience and an incentive-based national network*, NexusACO® is designed to deliver better outcomes for employers and employees.

Savings of up to

15%¹

United Healthcare

A doctor in your corner

With NexusACO, employees and their covered family members choose a primary care physician (PCP) during open enrollment. Their PCP acts as a single point of contact to help coordinate all aspects of their care. Employees in a NexusACO plan get the greatest value when they choose Tier 1 PCPs and specialists.

The NexusACO network includes more than 595,000 providers, 5,006 hospitals, and hundreds of physician practices and clinics.² The PCP works with the employee's care management team to engage and support them throughout the continuum of care, from preventive care to managing a chronic condition to developing a personalized care plan.

NexusACO was designed to offer:

- Tiered network, not narrowed
- Robust plan savings
- Simple access to local quality care
- A single national solution*

The NexusACO network is available in these counties**

- Clackamas
- Lane
- Multnomah
- Washington

Delivering results that matter

PCP and specialist visits – NexusACO members had 12.2% more PCP visits and 6.8% fewer specialist visits than non-NexusACO members³

Cancer screenings – ACOs had an average of 13.4% higher cancer screenings compliance than non-NexusACO members⁴

Diabetic care – ACOs had 12.7% higher annual diabetic screening compliance than non-ACOs⁴

Treatment protocols – ACOs had a 5.6% higher persistence for follow-up treatments after a heart attack than non-ACOs⁴

Well-child visits – ACOs had 12.6% higher rates of well-child visits than non-ACOs⁴
