

UnitedHealthcare Vision benefit now included with small group Freedom network plans

All Oxford New York small group (1-100) Freedom Network medical plans now include a UnitedHealthcare vision benefit.¹ This new vision rider is available along with the current Essential Health Benefits (EHB) vision benefits for children, providing both subscribers and their dependent children the ability to access the same network and plan design for their vision needs.

With our large, national eye care network, UnitedHealthcare Vision Network, members can take advantage of personalized care at a private practice or convenient evening and weekend hours at their favorite retail chain.
