

Supporting your employees financially, when they need it most

With Benefit Ally, relief is in sight

Whenever employees experience a health crisis, their primary focus should be on their health—not on their medical expenses. As their employer, you can help by offering UnitedHealthcare Benefit Ally®. A suite of supplemental health products bundled with your medical plan, Benefit Ally automatically pays out a financial benefit when an eligible medical event is identified. Here are some examples:

Accidents

- Emergency room visits
- X-rays
- Fractures

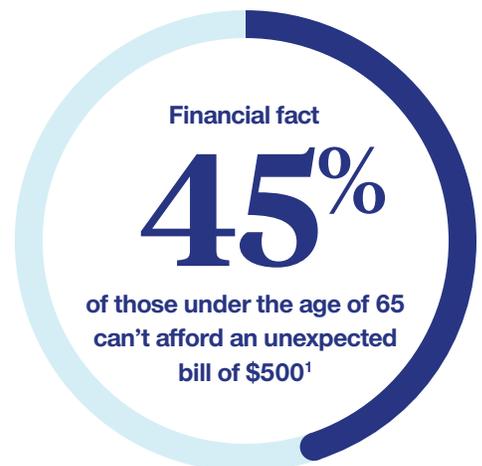

Critical Illness

- Cancer
- Heart attack
- Stroke

Hospital Indemnity

- Hospital admissions and stays
- ICU stays

Offering support that benefits both you and your employees

For you:

- Simplifies administration because it eliminates duplication of work
- Helps you offer solutions built to lessen your employees' financial burden
- May help attract and retain staff

For your employees:

- Helps lessen the financial burden of critical care for employees—and their covered family members, too
- Saves time because cash payments are automatically sent to the employee when an eligible medical event is identified
- May lead to greater employee satisfaction

Here's an example of Benefit Ally at work

Say your employee, Jack, fractures his leg and needs emergency care and crutches. Even with his health plan, the injury sets Jack back because of his deductible expenses. See how a Benefit Ally plan can help.*

Initial care/hospital care		Follow-up care/common injuries	
Emergency room visit	\$100	Crutches	\$100
Diagnostics: X-ray	\$50	Follow-up physician visit	\$50
Initial physician visit	\$50	Fracture benefit	\$750
Total payment to Jack:	\$200	Total payment to Jack:	\$900

Jack receives a check for

\$1,100

and he can use it however he chooses
